

**BIOTECHCROSSING™**  
THE LARGEST COLLECTION OF BIOTECH JOBS ON EARTH

## **BiotechCrossing Offers Exclusive Free Seven-Day Trial Subscription**

December 31, 2007

Pasadena, CA—The search for the perfect accounting job is over! Welcome to BiotechCrossing, the dynamic online job board with the world's premier collection of active biotech jobs. Every single week, we add hundreds of websites to our monitoring efforts, and as a result, dozens of new jobs have been posted this week alone.

And for seven days, you can search our vast collection of job listings for free—with no strings attached. If users are not satisfied with what they see, they can cancel their seven-day free subscriptions and never pay a dime for what they experienced.

How do we do it? At BiotechCrossing, the Internet's smartest and most effective biotech job board, we bring subscribers jobs from virtually every company website and newspaper imaginable. We continuously monitor the hiring needs of more than 250,000 biotech employers, including virtually every biotech firm, corporation, and public interest organization in the United States.

"We are a very serious company," said CEO A. Harrison Barnes. "We have more than 500 employees and employ hundreds of servers across our entire platform to assist our employees in finding you jobs."

In addition to providing an extensive range of job listings, including exclusive notices not posted on other employment sites, BiotechCrossing features a variety of articles that tap into the industry's key players, companies, and stories.

Recently, BiotechCrossing has featured a study from the US National Human Genome Research Institute called "A Vision for the Future of Genomics Research: A Blueprint for the Genomic Era." This series of important articles outlines what has been accomplished thus far in genetics research and the potential for what is yet to come, both vital to the understanding of the biotechnology industry.

This groundbreaking website is affiliated with EmploymentCrossing ([www.employmentcrossing.com](http://www.employmentcrossing.com)), the main hub for a growing family of industry-specific job-search sites launched on April 9, 2007. Currently, job seekers can visit EmploymentCrossing to sign up for BiotechCrossing's services.

In addition to BiotechCrossing, all of the other Crossing sites (except for LawCrossing) are now offering this exclusive seven-day, risk-free trial subscription, allowing professionals to explore the sites and begin searching and applying for any of the thousands of industry-specific positions from across the country at no cost.

The development of the Crossing employment sites has been inspired by the success of LawCrossing ([www.lawcrossing.com](http://www.lawcrossing.com)), which features the largest collection of active legal jobs in the world, including more than 10,000 positions at top law firms, corporations, public interest organizations, and government offices throughout the U.S.

# BIOTECHCROSSING™

THE LARGEST COLLECTION OF BIOTECH JOBS ON EARTH

Since its launch in July 2003, LawCrossing has become the world's largest legal-career-placement website. The website is another brainchild of Barnes, who also founded the hugely successful parent company of the Crossing employment sites, Juriscape, in 2000.

And now, the Crossing websites have joined the millions of users on MySpace! Explore all the latest updates and news from EmploymentCrossing, LawCrossing, and Hound by browsing bulletins and blogs discussing the sites' newly added articles and job postings. See what people are saying about our sites and their experiences using them—become friends with EmploymentCrossing, LawCrossing, and Hound today!
