THE LARGEST COLLECTION OF CONSTRUCTION JOBS ON EARTH

ConstructionCrossing Offers Exclusive Free Seven-Day Trial Subscription

October 1, 2007

Pasadena, CA—ConstructionCrossing has the world's premier collection of active construction jobs. Every single week, we add hundreds of new websites to our monitoring efforts, and as a result, *hundreds of new jobs have been posted this week alone—224, in fact!*

For seven days, you can search this vast collection of job listings *for free*—with no strings attached. If users are not satisfied with what they see, they can cancel their seven-day free subscriptions and never pay a dime for what they experienced.

ConstructionCrossing is designed to help talented professionals like you find the best careers that match your unique goals and interests. Our extensive research team continuously monitors thousands of employer websites, job boards, and trade-organization websites *specifically* for construction jobs. We do not charge employers to post their jobs, and we proactively contact thousands of employers, including virtually every corporation and organization in the United States, every day to find new positions.

“The goal of our companies is nothing less than to be the largest and most effective, profitable, and sustainable group of job-search companies in the world,” said CEO A. Harrison Barnes. “This is what we are all about, and this is, quite simply, what we will achieve. This is something we can accomplish because we are doing more than anyone in the world to achieve this goal.”

In addition to providing an extensive range of job listings, ConstructionCrossing features a variety of articles that tap into the construction industry's key players, companies, and stories, including “Building a Career as a Reputable General Contractor,” “The Future of Construction in a Carbon-Conscious World,” and “Don't Let Delays Derail Your Construction Project.”

This groundbreaking website is affiliated with EmploymentCrossing (www.employmentcrossing.com), the main hub for a growing family of industry-specific job-search sites launched on April 9, 2007. Currently, job seekers can visit EmploymentCrossing to sign up for ConstructionCrossing's services.

The EmploymentCrossing group of websites is also on the fast track to rapid expansion, with even more Crossing sites launching weekly. The site will focus exclusively on providing the most extensive range of available jobs from every corner of each sector. Watch for EmploymentCrossing's upcoming launches, which will include PublishingCrossing, JournalismCrossing, RadioCrossing, TVCrossing, TelecomCrossing, GovernmentCrossing, InternshipCrossing, and EntryLevelCrossing.

CONSTRUCTIONCROSSING™

THE LARGEST COLLECTION OF CONSTRUCTION JOBS ON EARTH

The development of the Crossing employment sites was inspired by the success of LawCrossing (www.lawcrossing.com), which features the largest collection of active legal jobs in the world, including more than 10,000 positions at top law firms, corporations, public interest organizations, and government offices throughout the U.S.

Since its launch in July 2003, LawCrossing has become the world's largest legal-career-placement website. The website is another brainchild of Barnes, who also founded the hugely successful parent company of the Crossing employment sites, Juriscape, in 2000.

And now, the Crossing websites have joined the millions of users on MySpace! Explore all the latest updates and news from EmploymentCrossing, LawCrossing, and Hound by browsing bulletins and blogs discussing the sites' newly added articles and job postings.
