

Find Construction Jobs on Ever-Growing EmploymentCrossing

March 3, 2008

Pasadena, CA — In just one month, ConstructionCrossing's collection of job listings has jumped from 5,000 jobs to over 9,000 jobs, making ConstructionCrossing (www.constructioncrossing.com) the fastest-growing construction job-search site in existence. But that's not all. Recently, EmploymentCrossing, the powerhouse behind it all, surpassed *1 million jobs!*

"This kind of growth should only prove to users that EmploymentCrossing is the place to come to find their dream job, whether it's in advertising, sales, law, or construction," said CEO A. Harrison Barnes.

Plus, for seven full days, ConstructionCrossing membership is *free*. With this free seven-day trial, users can not only view all the jobs on ConstructionCrossing but all the jobs listed on EmploymentCrossing as well.

And ConstructionCrossing is not only growing by the month but also *by the week*. Just last week, over 1,500 new jobs were added to the site, including positions for construction accountants, directors of construction, superintendents, quality surveyors, and many, many more. With this kind of growth, members of the site should feel confident when perusing the extensive database of construction jobs. Can't find a job today? Come back again soon — thousands of new job listings will have been added in the meantime.

The inspiration behind it all comes from the development and success of LawCrossing (www.lawcrossing.com), which features the largest collection of active legal jobs in the world, including more than 100,000 positions at top law firms, corporations, public interest organizations, and government offices throughout the U.S.

Since its launch in July 2003, LawCrossing has become the world's largest legal career-placement website. The site is a brainchild of CEO A. Harrison Barnes, who in 2000 founded EmploymentScape, the hugely successful parent company of LawCrossing.

LawCrossing's team of more than 300 staff members monitors the hiring needs of more than 250,000 legal employers throughout the U.S. and worldwide. LawCrossing counts tens of thousands of law students, attorneys, and legal staff professionals as members.
