

CONSULTINGCROSSING™
THE LARGEST COLLECTION OF CONSULTING JOBS ON EARTH

ConsultingCrossing Launches with the Largest Selection of Active Consulting Jobs

June 25, 2007

Pasadena, CA,—Searching for a consulting job online is now worlds easier, more precise, and increasingly efficient thanks to the launch of the dynamic new job-search website ConsultingCrossing. Designed to help talented professionals find the best opportunities that match their unique career goals and interests, this site is a one-stop shop for all consulting professionals.

With ConsultingCrossing's staff of hundreds of highly experienced researchers extensively monitoring the hiring needs of more than 250,000 employers across the country, countless new jobs are being added to the site every day. And since the jobs listed on the site are specific to the consulting industry, job seekers can enjoy faster, more targeted job-search experiences.

"We are thrilled to continue our expansion of the Crossing employment sites, which now reaches consulting professionals. The launch of this, and our other companies, continues our innovative approach to helping more job seekers find the best opportunities in their specific areas of interest," said CEO A. Harrison Barnes.

In addition to providing an extensive range of job listings, including exclusive notices not posted on other employment sites, ConsultingCrossing features a variety of articles that tap into the consulting industry's key players, companies, and stories.

This exciting new website is affiliated with EmploymentCrossing (www.employmentcrossing.com), the main hub for a growing family of industry-specific job-search sites that launched on April 9, 2007. Currently, job seekers can visit EmploymentCrossing to sign up for ConsultingCrossing's services.

The EmploymentCrossing group of websites is also on the fast track to expansion, with even more Crossing sites launching weekly. The site will focus exclusively on providing the most extensive range of available jobs from every corner of every sector. Watch for July's Crossing launches, which include BioTechCrossing (July 2nd), OperationsCrossing (July 7th), CustomerServiceCrossing (July 13th), EducationCrossing (July 19th), ArchitectureCrossing (July 25th), and ConstructionCrossing (July 31st).

The development of the Crossing employment sites has been inspired by the success of LawCrossing (www.lawcrossing.com), which features the largest collection of active legal jobs in the world, including more than 10,000 positions at top law firms, corporations, public-interest organizations, and government offices throughout the U.S.

Since its launch in July 2003, LawCrossing has become the world's largest legal-career-placement website. The company is another brainchild of Barnes, who also founded the hugely successful parent company of the Crossing employment sites, Juriscape, in 2000.
