

## **HealthcareCrossing Brings Every Available Healthcare Job in the U.S. to One Place**

August 02, 2007

Pasadena, CA,—Healthcare professionals can now take advantage of the most efficient and user-friendly job-search site in order to find healthcare jobs. HealthcareCrossing—the largest collection of healthcare jobs in the world—finds the best job opportunities to match the interests and career goals of healthcare professionals. It brings every existing healthcare job to one location and helps talented professionals better focus their job searches.

With HealthcareCrossing's staff of hundreds of highly experienced researchers extensively monitoring the hiring needs of more than 250,000 employers across the country, countless new jobs are added to the site every day. And since the jobs listed on the site are specific to the healthcare industry, job seekers can enjoy faster, more targeted job-search experiences.

HealthcareCrossing's homepage always lists the number of jobs the site posts each week along with a running total of job listings. The team works tirelessly to ensure that only the most current jobs are posted to the site every day. This week, HealthcareCrossing added more than 4,557 new healthcare job openings.

In addition to providing an extensive range of job listings including exclusive notices not posted to other employment sites, HealthcareCrossing features a variety of articles that tap into the healthcare industry's key players, companies, and stories.

This week, HealthcareCrossing's "Healthcare Star" section features Dr. Oz, a cardiothoracic surgeon who has made it his mission to educate the nation on ways to improve our quality of life. Also, take a close look at the options and opportunities in dentistry in this week's "Dentistry as a Career" article.

This exciting website is affiliated with EmploymentCrossing ([www.employmentcrossing.com](http://www.employmentcrossing.com)), the main hub for a growing family of industry-specific job-search sites that launched on April 9, 2007. Currently, job seekers can visit EmploymentCrossing to sign up for HealthcareCrossing's services.

The EmploymentCrossing group of websites is on the fast track to expansion with more Crossing sites launching weekly. The site will focus exclusively on providing the most extensive range of available jobs from every corner of every sector. THE LARGEST COLLECTION OF HEALTHCARE JOBS ON EARTH

The development of the Crossing employment sites was inspired by the success of LawCrossing ([www.lawcrossing.com](http://www.lawcrossing.com)), which features the largest collection of active legal jobs in the world including more than 10,000 positions at top law firms, corporations, public-interest organizations, and government offices throughout the U.S. Since its launch in July 2003, LawCrossing has become the world's largest legal-career-placement website. The site is another brainchild of EmploymentCrossing founder A. Harrison Barnes, who also founded the hugely successful parent company of the Crossing employment sites, Juriscape, in 2000.
