

## **ManufacturingCrossing Offers Exclusive Free 30-Day Trial Subscription**

August 20, 2007

Pasadena, CA—[ManufacturingCrossing.com](http://ManufacturingCrossing.com), the world's largest manufacturing job database, has announced that it is offering an exclusive free 30-day trial membership. This will enable users to experience the speed and accuracy of ManufacturingCrossing's job-search capabilities. If, at the end of the 30-day period, users are not completely satisfied with the number and variety of jobs offered on ManufacturingCrossing, they can cancel their subscriptions without being charged for the service.

ManufacturingCrossing is, quite simply, the smartest and most effective manufacturing job board, and it drastically improves the job-search process for all of its subscribers by locating jobs from countless company websites and newspapers. Developed with the sole goal of aiding job seekers in their professional pursuits, the site is a one-stop shop for manufacturing professionals.

To achieve this goal, ManufacturingCrossing employs hundreds of highly experienced researchers whose only job is to monitor the hiring needs of more than 250,000 employers across the country. As a result, countless new jobs are added to the site each and every day. And since the jobs listed on the site are specific to the manufacturing industry, job seekers can enjoy faster, more targeted job-search experiences.

"We believe so completely in our service that we are offering 30 days free so that everyone has the opportunity to fall in love with ManufacturingCrossing," CEO A. Harrison Barnes said.

In addition to the site's expansive job database, which includes exclusive listings not found on other sites, ManufacturingCrossing features a variety of articles that profile the manufacturing industry's key players, companies, and stories. Each week, ManufacturingCrossing analyzes some of the industry's most important developments and reports on some of the industry's hottest issues.

This groundbreaking website is affiliated with EmploymentCrossing ([www.employmentcrossing.com](http://www.employmentcrossing.com)), the main hub for a growing family of industry-specific job-search sites that launched on April 9, 2007. Currently, job seekers can visit EmploymentCrossing to sign up for ManufacturingCrossing's services.

In addition to ManufacturingCrossing, all of the other Crossing sites (except for LawCrossing) are now offering this exclusive 30-day, risk-free trial subscription, allowing professionals to explore the sites and begin searching and applying for any of the thousands of industry-specific positions from across the country at no cost.

The EmploymentCrossing group of websites is also on the fast track to rapid expansion, with even more Crossing sites launching weekly. The site will focus exclusively on providing the most extensive range of available jobs from every corner of each sector. Watch for EmploymentCrossing's upcoming launches, which will include PharmaceuticalCrossing
