THE LARGEST COLLECTION OF OPERATIONS JOBS ON EARTH

OperationsCrossing Now Offers More Jobs than Ever Before

February 11, 2008

Pasadena, CA — OperationsCrossing, the Internet's smartest and most effective operations job board, now offers its users more jobs than ever before, having recently crossed the 10,000-job mark, making it the Internet's leading site for finding the best jobs in the operations industry. With more than a thousand new jobs added every week, OperationsCrossing is the unbeatable source for matching personal goals with the best opportunities on the market.

OperationsCrossing is a unique job board that brings together jobs from employer websites and job boards, unlike traditional job boards which rely on employers to post jobs. It presents jobs gathered from employer websites, printed newspapers and ads, and other online resources. In addition, OperationsCrossing does not charge employers to post jobs on the site, an advantage that increases its job selection significantly.

OperationsCrossing membership costs users \$29.95 per month (with a free seven-day trial before the fee takes effect), which also provides access to more than 30 of EmploymentCrossing's other industry-specific job boards. Users who are still in school can also access the website for free. Students may obtain their schools' promotion codes from their career centers to sign up for their free trials.

Additionally, OperationsCrossing brings users the most pertinent news and discussion topics in the operations field. Each week, articles are posted that address the industry's most current trends and happenings, as well as the job-search tactics of operations professionals.
