

## 12,000 Jobs and Growing at PharmaceuticalCrossing

February 25, 2008

Pasadena, CA — In just one month, PharmaceuticalCrossing has exceeded 12,000 job posts, making PharmaceuticalCrossing the fastest growing job-board site in the world!

“This kind of growth should only prove to viewers that PharmaceuticalCrossing is the place to come to find their dream job,” said CEO A. Harrison Barnes. “We are, after all, growing monthly and weekly, determined to find each and every pharmaceutical job out there.”

Indeed, the site is expanding at a phenomenal pace — just last week, over 2,000 new jobs were added, including positions for pharmacologists, pharmacy technicians, entry-level pharmaceutical reps, clinical data scientists, and many, many more!

With this kind of growth, viewers can feel confident when perusing the extensive database of pharmaceutical jobs. Can't find a job today? Come back again soon — more jobs will have been added in the meantime, making the chances of finding a job better and better with each passing day.

The inspiration behind it all has been the tremendous success of LawCrossing ([www.lawcrossing.com](http://www.lawcrossing.com)), which features the largest collection of active legal jobs in the world, including more than 10,000 positions at top law firms, corporations, public interest organizations, and government offices throughout the U.S.

Since its launch in July 2003, LawCrossing has become the world's largest legal-career-placement website. The site is a brainchild of Barnes, who, in 2000, founded EmploymentScape, the hugely successful parent company of LawCrossing. LawCrossing's team of more than 300 staff members monitors the hiring needs of more than 250,000 legal employers throughout the U.S. and worldwide. LawCrossing counts tens of thousands of law students, attorneys, and legal staff professionals as members.
