THE LARGEST COLLECTION OF SELLING JOBS ON EARTH

## **SellingCrossing Features the Largest Collection of Active Sales Jobs in the Nation**

August 02, 2007

Pasadena, CA—Finding sales jobs is not difficult anymore. By continuously monitoring the hiring needs of virtually every company and organization in the United States, SellingCrossing offers the largest collection of active sales jobs in the nation. The site does not charge employers to post their jobs, and it aggressively contacts and looks for thousands of employers each day in order to learn about new sales positions.

With SellingCrossing's staff of hundreds of highly experienced researchers extensively monitoring the hiring needs of more than 250,000 employers across the country, countless new jobs are added to the site every day. And since the jobs listed on the site are specific to the sales industry, job seekers can enjoy faster, more targeted job-search experiences.

SellingCrossing's homepage always lists the number of jobs the site posts each week along with a running total of job listings. The team works tirelessly to ensure that only the most current jobs are posted to the site every day. This week, SellingCrossing added more than 2,280 new sales job openings.

In addition to providing an extensive range of job listings including exclusive notices not posted to other employment sites, SellingCrossing features a variety of articles that tap into the selling industry's key players, companies, and stories.

This week, SellingCrossing's "Words of Sales Wisdom" section takes a closer look at the major challenges faced by sales professionals while developing quality, long-standing relationships with every potential customer. Also, in this week's "Sales Star" article, learn some important sales lessons from communications consultant Dianna Booher, who changes the way professionals everywhere interact.

This exciting website is affiliated with EmploymentCrossing ([www.employmentcrossing.com](http://www.employmentcrossing.com)), the main hub for a growing family of industry-specific job-search sites that launched on April 9, 2007. Currently, job seekers can visit EmploymentCrossing to sign up for SellingCrossing's services.

The EmploymentCrossing group of websites is on the fast track to expansion with more Crossing sites launching weekly. The site will focus exclusively on providing the most extensive range of available jobs from every corner of every sector. THE LARGEST COLLECTION OF SELLING JOBS ON EARTH

The development of the Crossing employment sites was inspired by the success of LawCrossing ([www.lawcrossing.com](http://www.lawcrossing.com)), which features the largest collection of active legal jobs in the world including more than 10,000 positions at top law firms, corporations, public-interest organizations, and government offices throughout the U.S. Since its launch in July 2003, LawCrossing has become the world's largest legal-career-placement website. The site is another brainchild of EmploymentCrossing founder A. Harrison Barnes, who also founded the hugely successful parent company of the Crossing employment sites, Juriscape, in 2000.
