

InformationTechnologyCrossing Hits New Milestone in Job Offerings!

December 24, 2007

Pasadena, CA — InformationTechnologyCrossing, the Internet's smartest and most effective technology job board, has hit the milestone figure of passing 50,000 available jobs listed in its database, making it the internet's leading site for finding the best jobs in the technology industry. With more than 1,000 tech jobs added per *day*, InformationTechnologyCrossing is the unbeatable source for matching personal goals with the best opportunities on the market — and for a limited time, this vast number of jobs is available for a free trial offer to tech professionals searching that perfect job!

InformationTechnologyCrossing, the Internet's smartest and most effective technology job board, makes finding a technology job worlds easier by bringing subscribers jobs from virtually every company website and newspaper imaginable. Designed to help talented professionals find the best opportunities that match their unique career goals and interests, this site is a one-stop shop for technology professionals.

With InformationTechnologyCrossing's staff of hundreds of highly experienced researchers extensively monitoring the hiring needs of more than 250,000 employers across the country, countless new jobs are being added to the site each and every day. And since the jobs listed on the site are specific to the tech industry, job seekers can enjoy faster, more targeted job-search experiences.

In addition to providing an extensive range of job listings, including exclusive notices not posted on other employment sites, InformationTechnologyCrossing features a variety of articles that tap into the technology industry's key players, companies, and stories. Each week, InformationTechnologyCrossing profiles some of the industry's most well-known innovators and entrepreneurs and reports on some of the technology industry's hottest issues.

This groundbreaking website is affiliated with EmploymentCrossing (www.employmentcrossing.com), the main hub for a growing family of industry-specific job-search sites that launched on April 9, 2007. Currently, job seekers can visit EmploymentCrossing to sign up for InformationTechnologyCrossing's services.

The development of the Crossing employment sites has been inspired by the success of LawCrossing (www.lawcrossing.com), which features the largest collection of active legal jobs in the world, including more than 10,000 positions at top law firms, corporations, public interest organizations, and government offices throughout the U.S.

Since its launch in July 2003, LawCrossing has become the world's largest legal-career-placement website. The website is another brainchild of Barnes, who also founded the hugely successful parent company of the Crossing employment sites, EmploymentScape, in 2000.
